Notification of Change of Country of Production for New SC, NEO SC, and SC-NEXT Series Magnetic Contactor and Magnetic Starter Options [Revised Version]

We would like to thank you for your continued patronage of Fuji products.
We will be changing some products as described below.
Please review the following information and take appropriate actions.
Please also inform all related sections of your company of these changes.

Product name	Coil-surge suppression units
Series name	SC-NEXT Series, New SC Series, NEO SC Series, SK Series, SC-E Series
Types	SZ-Z□ □: 1, 2, 3, 4, 5 31, 32, 33, 34, 35, 36, 37 The above types will be produced in Japan or China. 41, 42, 43, 44, 45, and 46 will continue to be produced in Japan. *Including applicable products starting with these product types.
Changed parts	Printing and packaging specifications will depend on the country of production and production location.
Details of the change	The country of production of coil-surge suppression units will be either Japan or China. With the addition of China as a production base, the following differences will exist depending on the production location. O Change in product printing content: Refer to Attachment 1 O Change in packaging label: Refer to Attachment 2 Please check the country of production on the product printing content and packaging label (For details, refer to the attachments). There will be no changes to products made in Japan.
Reason for change	To help stabilize procurement
Date of change	Production bases in China will be gradually added from October 2026.
Attachments	Attachment 1. Change in Product Printing Content Attachment 2. Change in Packaging Label
Notes concerning the change	This change does not have any effect on product performance.

Attachment 1 [Addition]

Change in Product Printing Content
