

To All Customers

Rep No. B16003

April 19, 2016

Fuji Electric FA Components &
Systems Co., Ltd.

Manual motor starter DUO Series

Notification of changes in product description and details accompanying the response to each standard (CCC standardization etc.)

Thank you for your continued patronage of Fuji products.

We are writing to announce the changes we will be making in some products. Details are described below.

Please review the following information.

Please inform all related sections of your company.

Product name	Manual motor starter
Series and series name	DUO Series
Type	BM3RS□, BM3RH□, BM3VS□, BM3VH□, BZ0W□, BZ0K□, BZ0TKUAB, BZ0F□, BZ0R□, BZ0V□, BZ0C□L□, BZ0L□A, BZ0SET, BZ0TCV, BZ0CFG, BZ0RTCRE * The scope includes all of the main unit and accessories of the DUO Series. (Excluding the line side terminal cover BZ0TCRE)□
Changed parts	1) Product main unit (Description, nameplate) 2) Packing case, 3) Instruction manual
Details of the change	(a) Main unit : KC mark is added (BM3R□R and BM3R□RK only). (b) Main unit : CCC mark (CCC-compliant products only), manufacturer's address and Chinese RoHS mark are added. (c) Instruction manual : Chinese text is added. (d) Nameplate for packing : Qualification mark (for compliance to product quality regulations for Chinese products), Chinese RoHS mark and manufacturer's address are added. *For details, see Attachments (1) and (2). The current change includes the following details that are to be announced separately. • Rep.No. B16001: Notification of changes accompanying the revision of EU Directives /Chinese RoHS Directives
Reason for change	Details of the change (a) • Due to the recent acquisition of approval based on the Korean Electric Appliance Safety Control Law (KC Mark). Details of the change (b) - (c) • Standard products that are conformant to Chinese CCC Standard, • For compliance to product quality regulations for Chinese products. • For compliance to Chinese RoHS. • For compliance to New EU directive (Low Voltage Directive).
Date of production change	It is planned to be implemented from production lots in July 2016.
Attachment	Attachment (1) Table of change details for each MMS type Attachment (2) Specific description of MMS change: Ref.No.MMS-16-001
Notes concerning the change	1) All the changes relate to the details of description only. There is no change to the component or structure of the product. 2) After this change, the ordering with (CCC) or (CHN) at the end of Type to be compliant with the requirement for export to China is no longer necessary. However, if products with an arrangement for export to China are still necessary for a while due to a distribution inventory-related reason, please specify "EU" at the end of Type. 3) After the current change, the marking of "NEW" on the packing box for changed products accompanying the slider change notified in Rep. No. B15045 will be terminated.

Attachment (1) Table of change details for each MMS type

Fuji Electric FA Components & Systems Co., Ltd.,

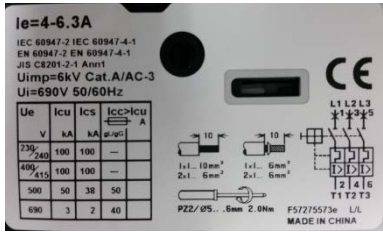

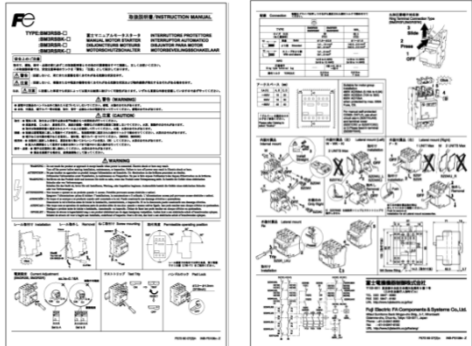

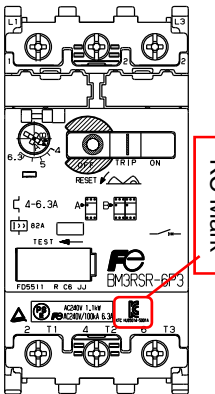

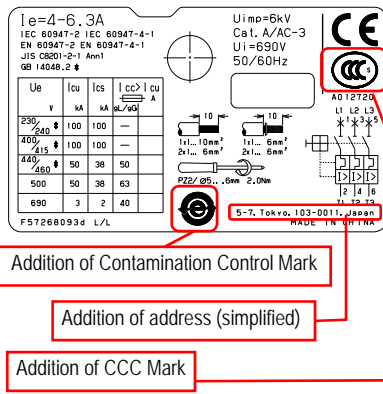

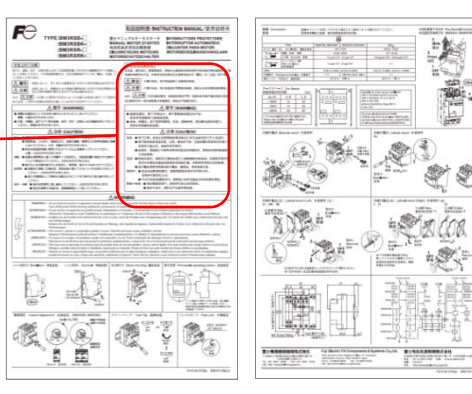

Product names			Basic type	Details of the product change						Change Date of implementation	Remark
