## φ22, φ30 Command Switch Emergency Stop Nameplate

Notice regarding the change of the coloring method of surface color and the addition of a surface protective film

Thank you for your continued efforts to promote the sales of Fuji products.

We will be changing some products as described below. Please review the following information and take appropriate actions.

Please inform all related sections of your company and your customers.

Product name	Nameplate for command switch						
Series and series name	AR22 Series, AM22 Series, AR30 Series						
Type	AR9P719-□ (for the AR22, AM22 Series) AHX720-□ (for the AR30 Series)      □: Indicates the ordering code for the display characters (includes special products) AR9P721-5C (Combined use with AR22 Series SEMI standard compliant guard ring)						
Changed parts	Change of the coloring method of surface base color (yellow), and the addition of a surface protective film						
Details of the change	<p>(1) The coloring method of surface base color (yellow) will be changed.</p> <p>Example) AR9P719-5A</p> <table style="width: 100%; border: none;"> <tr> <td style="text-align: center;">●Current: Coating</td> <td style="text-align: center;">●Change: Silk printing</td> </tr> <tr> <td style="text-align: center;"></td> <td style="text-align: center;"></td> </tr> <tr> <td style="text-align: center;"></td> <td style="text-align: center;"></td> </tr> </table> <p>Note) The nameplate side surface (fracture surface) is not applied with color (aluminum base).</p> <p>(2) A protective film will be added to the nameplate surface</p>	●Current: Coating	●Change: Silk printing				
●Current: Coating	●Change: Silk printing						
							
							
Reason for change	To reduce variation in coating colors and to prevent scratching during transportation						
Date of production change	Scheduled for applicable products starting in June 2016.						
Attachments	None						
Notes concerning the change	The hue of the product may be slightly different compared with the current one. The protective film is for preventing scratching of the nameplate surface during transportation. Please peel off the film before using the product.
