The Korea Trade Commission's Decision on Uninterruptible Power Supply Systems

On August 28, 2025, the Korea Trade Commission issued their decision ruling that some models of our Uninterruptible Power Supply Systems infringe on a Korean patent held by TMEIC Corporation. The decision orders a ban on imports into Korea.

We have already explained to our customers and implemented measures to continue business transactions.

We will carefully review such decision and consider our next actions such as filing an appeal and measures to prevent recurrence.

Should any circumstances arise in the future regarding the patent dispute with TMEIC Corporation that could significantly affect our operations, we will provide appropriate disclosure in a timely manner.

We sincerely apologize for any concern this matter may cause you.
