Fuji Electric to Record Extraordinary Loss in Relation to Missing Pension Funds

Fuji Electric announces today that it expects to record an extraordinary loss in its consolidated and non-consolidated financial statements for the fiscal year ended March 31, 2012.

1. Overview and details

As announced in the press release dated February 28, 2012, "The Company's Corporate Pension Fund Assets under Management," a part of Fuji Electric's corporate pension fund employs certain fund management services of AIJ Investment Advisors Co., Ltd. At this time, the majority of the funds under management are deemed to be missing. Fuji Electric has made a reasonable estimate of the unamortized balance of the actuarial difference between the pension funds under management and the amount of the pension funds expected to have been lost, and this balance has been recorded as accrued retirement benefits for the fiscal year ended March 31, 2012. Accordingly, in the same fiscal period, the Company plans to record an extraordinary loss of approximately 7 billion yen in its consolidated financial statements and approximately 5 billion yen in its non-consolidated financial statements.

2. Future outlook

Fuji Electric is currently in the process of examining its full-year financial results for the fiscal year ended March 31, 2012. If any revisions are deemed necessary hereafter, the details will be promptly disclosed.
