Φ16 Command Switches (Pilot Lights)
Notification regarding Change in Nameplate Content for DR16 and DF16 Series Products

We would like to thank you for your continued patronage of Fuji products.
We will be changing some products as described below.
Please review the following information and take appropriate actions.
Please also inform all related sections of your company of these changes.

Product name	Command switch (pilot lights)
Series name	DR16 Series, DF16 Series
Types	Lamp operational voltages and lens colors for DR16F0N, DR16F0M, DR16E0L, DR16D0L, DF16F0N, DF16F0M, DF16F0L. Semi-standard products of the above types are also applicable.
Changed parts	Product type imprinted parts
Details of the change	The CCC mark (laser imprinted) will be removed from the product indication. <div style="display: flex; justify-content: space-around; align-items: center;"> <div style="text-align: center;"> <p>Before change (The type is an example)</p>  <p>TOP ▼</p> </div> <div style="text-align: center;"> <p>After change (The type is an example)</p>  <p>TOP ▼</p> </div> </div>
Reason for change	Due to revisions in the China Compulsory Certificate(CCC) system, pilot lights 36 V or below are no longer applicable
Date of the production change	Scheduled for products to be produced from December 2019
Attachment	None
Notes concerning the changes	This change will not affect product performance.
