## Notice of Production Discontinuation of F-MPC04S Series UM03 Type Single-Circuit Power Monitoring Units

---

We would like to thank you for your continued patronage of Fuji products.

We are writing to announce the production discontinuation of some of our products.

Details are described below. Please review the following information and take appropriate actions.

Please also inform all related sections of your company of this discontinuation.

Product name	Single-circuit power monitoring units
Series name	F-MPC04S Series
Types	UM03-ARA3 without leakage current measuring function UM03-ARA3G with leakage current measuring function •Includes the special components of the basic types described above.
Reason for production discontinuation	Due to the release of Fuji Electric's successor model "FY Series Power Measuring Equipment".
Alternatives	There are no alternative models. *As mentioned above, "FY Series Power Measuring Equipment" is the successor model. It maintains backward compatibility with the current specifications.
Date of production discontinuation	October 31, 2025
Attachments	Attachment 1 Comparison of F-MPC04S Series Successor Specifications
Last order date	July 31, 2025
Maintenance parts	The maintenance period (for repairs, etc.) is seven years after the date of the production discontinuation. However, please note that the maintenance period could end sooner depending on the availability of parts and materials.
Others	None
