Regarding the Fuji Electric Report

Fuji Electric Report is an integrated report that is prepared for the purpose of facilitating understanding of the Company's whole corporate activities among its stakeholders, mainly shareholders and investors, and published after its content has been reported to the Company's Board of Directors.

Fuji Electric places great importance on initiatives aimed at improving sustainability to enhance long-term corporate value and clear communication of its material issues of ESG (the environment, society, governance).

Note that when preparing this report we referred to the IFRS Foundation's International Integrated Reporting Framework and the Ministry of Economy, Trade and Industry's Guidance for Collaborative Value Creation.

About the Front Cover

The front cover of this report reflects Fuji Electric's attitude toward growth and enhancing corporate value over the long term in addition to contributing to harmony with nature, the development of SDGs and the creation of a sustainable society, leveraging technology and business synergies in its energy and environment businesses.

Disclaimer Regarding Forward-Looking Statements

Statements made in this report regarding estimates or projections are forward-looking statements based on the Company's judgments and assumptions in light of currently available information. Actual results may differ materially from those projected as a result of uncertainties inherent in such judgments and assumptions as well as changes in business operations or other internal or external conditions. Accordingly, the Company gives no guarantee regarding the reliability of any information contained in these forward-looking statements. Investors are encouraged to also reference documents submitted by the Company in accordance with the Financial Instruments and Exchange Act of Japan and other disclosure materials.
