

**Dear Customers,**

November 2019  
Fuji Electric Co., Ltd.

**MICREX SX-series SPH**  
**Announcement of Discontinuation of**  
**FTK634A-G02 and FTC020T**

Thank you for your continued support.

We hereby announce discontinuation of FTK634A-G02 and FTC020T in the MICREX-F series that are continued to be supplied after September 2012.

We apologize for any inconvenience this may cause and appreciate your kind understanding.

**1. Discontinued model**

Product name	Type	Specification
T-link interface board	FTK634A-G02	128-point T-link interface board
Program loader socket	FTC020T	T-link loader socket for connecting loader D20

Note: FTK633A-G02 (64-point T-link interface board) was discontinued on September 30, 2012.

**2. Order end date**

June 30, 2020

**3. Discontinuation date**

September 30, 2020

**4. Reason for discontinuation**

- (1) Demand for the product has slumped.
- (2) We cannot continue production due to discontinuation of electronic components.

**5. Replacement product**

There is no replacement product. Please purchase the product before the order end date if necessary.

**6. Repair acceptance**

We will provide repair service for 7 years after the discontinuation date.

However, please note that we may not be able to accept repair requests for reasons we are not responsible for, for example if electronic components become unavailable.
