Discontinuation of NON-RoHS IGBT module

We thank you very much for your patronage of our products.
We have been introducing RoHS compliant IGBT modules to the market for years.
With a great support of our customers, we almost complete RoHS compliant IGBT modules product line up. We appreciate once again for the support and cooperation those have been given to us.

On the other hand, Due to the fact that the demand for NON-RoHS IGBT modules are very it becomes hard for us to maintain our production line and stable supply to customers.
We regretfully announce that our production integration from Non-RoHS to RoHS products follows. We shall also announce the fact that almost all products are now covered by RoHS compliant IGBT modules today.

Please be advised that the discontinuation of NON-RoHS IGBT modules for the parts number and the schedule as follows.

We thank you very much once again for your understanding.

1 Parts numbers.

Non - RoHS IGBT modules. Please find attached.

2. Schedule

2011 End June. End order receiving.

Assembly end-life demand if necessary.

2011 End September End production of object Part numbers.

3. Others

Please contact to our sales office should you need further information.

End of report.
